Conceptual Index EN

EN_0: EINSTEIN-VED - The Deterministic Framework that Completes Einstein's Program neutron, schwarzschild, newton, gravity, holographic, cooper, 3s+t, bohr

EN_1: Axiomatic Critique of Heisenberg's Uncertainty Principle heisenberg, fundamental, quantum

EN_2: Einstein-VED: Determinism, Indeterminacy, and Free Will 3s+t, dimension, fundamental, ved, quantum, constant, scale, einstein

EN_3: 3S+T Geometry and Determinism in Einstein-VED 3s+t, heisenberg, dimension, fundamental, ved, quantum, dual, collapse

EN_4: - Einstein-VED: Deterministic Derivation of the Proton and the R_VED Formula 3s+t, dimension, fundamental, proton, ved, quantum, compton, radius

EN_5: Theoretical Framework of the Electron and Cooper Pairs cooper, atom, quantum, electron, surface, orbital

EN_6: The Neutron: Origin, Internal Structure, and Decay neutron, nucleus, holographic, atom, radio, dimension, proton, ved

EN_7: Gravity as a Geometric Relation of Radii schwarzschild, gravity, holographic, 3s+t, universal, dimension, fundamental, proton

EN_8: Planck Constant as a Geometric Relation of Radii schwarzschild, gravity, atom, universal, fundamental, proton, ved, constant

EN_9: Einstein-VED Framework: Determinism, 3S+T Geometry and Rigorous Critique of Quantum Mechanics 3s+t, universal, heisenberg, dimension, fundamental, ved, quantum, collapse

EN_11: Fundamental Geometry of the Universe schwarzschild, 3s+t, universal, dimension, fundamental, proton, ved, quantum

EN_12: Theory of the Stellar Engine by Electronic Boundary Collapse neutron, nucleus, gravity, 3s+t, bohr, atom, universal, fundamental

EN_13: Proton Magnetic Moment neutron, 3s+t, dimension, fundamental, proton, ved, quantum, constant

EN_14: The 22 Internal Modes of the Nucleon neutron, 3s+t, dimension, fundamental, proton, ved, quantum, constant

EN_15: Observational Verification of the Stellar Engine neutron, bohr, universal, proton, ved, electron, dual, radius

EN_16: The Geometry of Quarks neutron, 3s+t, dimension, fundamental, proton, ved, quantum, dual

EN_17: Derivation of Newton's Laws from the Geometry of the Universe neutron, schwarzschild, newton, gravity, holographic, 3s+t, universal, dimension

EN_18: GENESIS: Geometric Cosmology of the Neutron neutron, nucleus, newton, gravity, 3s+t, bohr, atom, fundamental

EN_19: EN_MARCO EINSTEIN-VED: The Deterministic Framework that Completes Einstein's Program neutron, schwarzschild, newton, gravity, holographic, cooper, 3s+t, bohr

EN_20: Authorship and Contact neutron, newton, particula, gravity, universal, tiempo, dimension, espacio

EN_22: EN_22_isotopes_prediction_stability Einstein-VED: Deterministic Nucleon Geometry and Isotope Stability Prediction neutron, nucleus, gravity, 3s+t, bohr, atom, universal, dimension

EN_24: EN_24 Isotopes Prediction: Prediction According to Einstein-VED neutron, nucleus, gravity, atom, universal, dimension, fundamental, proton

EN_25: EN_25 Rigorous Framework of Confined Waves and Atomic Structure neutron, nucleus, cooper, atom, universal, dimension, proton, ved

EN_26: EN_26 Isotope and Molecular Stability According to Einstein-VED: Rigorous Prediction neutron, nucleus, gravity, radio, dimension, proton, ved, quantum

EN_27: Einstein-VED — Unified theory of nuclear stability (atoms and molecules) neutron, nucleus, 3s+t, atom, radio, fundamental, proton, ved

EN_28: Nuclear stability results (tests 1–24) neutron, nucleus, fundamental, proton, ved, constant, radius, einstein

EN_30: Topological Foundations of the Einstein-VED Framework neutron, nucleus, gravity, holographic, 3s+t, dimension, fundamental, proton

EN_31: On the sign of the cosmological redshift drift atom, ved, quantum, constant, dual, einstein

EN_32: Objections to the Einstein-VED Framework neutron, gravity, 3s+t, atom, fundamental, proton, ved, quantum

EN_33: The Origin of Primordial Supermassive Black Holes neutron, fundamental, proton, ved, electron, surface, collapse, einstein

EN_34: Open Questions and New Research Pathways neutron, holographic, 3s+t, atom, dimension, fundamental, proton, ved
